Mosley, "The Best Investment in Your Station"! The Lifetime Antenna Company!

Prices listed below follow the antenna sections in the amateur catalog. Amateur prices and specifications can change without notice or obligation. Some shipping delays can occur due to the long lead times the aluminum industry is presently facing. Mosley has an extremely large inventory of goods, however, if the demand depletes a certain size of tubing, it can affect more than one model being produced. These lead times are beyond our control. When an order is placed, you will be given an approximate shipping date. If the item is in stock, it will ship within 3 days of receipt of payment and the order. (Prices are effective as of 2-1-08.** Prices are in US Dollars. Payments on all orders will be processed at the time of order.)** NOTE: Parts are available for most all of the older Mosley antennas, even going back 65 years!
